Planning A Funeral (...continued)

1

CLOTHES FOR YOUR LOVED ONE

Choosing clothing for your loved one is a personal decision. Many families opt for attire that reflects their loved one's personality, such as a favourite shirt, dress, or suit. Others may prefer comfortable clothing, like pyjamas or a robe, especially if the deceased was ill or spent time at home. Ultimately, the choice is yours, and it should reflect both the individual's spirit and the comfort of your memories.

2

MEMORIAL CARDS

We recommend choosing a clear, recent photo of your loved one that truly reflects their personality. Ensure the image is of high quality, as it will be printed on the memorial card. You can upload the photo (JPEG format) through services like Dropbox or OneDrive and email us the link. Additionally, please provide any chosen hymns, poems, or quotes via email.

3

PHOTO PRESENTATION

If you have chosen to have a photo presentation at the funeral, we request 60-70 photos along with two song selections, including their titles and artists. Photos should be in JPEG format and can be uploaded via sharing platforms such as Dropbox or OneDrive, with the link emailed to us. Alternatively, you can drop off a USB or hard copies of the photos at our office. Please submit these no later than three days before the service to allow us time to prepare the presentation.

4

MUSIC

To create a playlist for the funeral service, please provide a list of song titles and artists via email or drop it off in person a few days before the service. We recommend including a few songs for the start, two for the committal, and additional songs for background music if desired. If you do not have specific music in mind, we can provide a selection of soft music options.

Application For A Death Certificate

The death certificate can only be legally applied for once burial or cremation has taken place, typically on the day of the funeral.

The original certificate is sent directly from Births, Deaths, and Marriages to the funeral director.

Current waiting times to receive the certificate by mail is approximately four weeks, and this timeframe starts from the date of burial or cremation, not from the date of passing.

We will contact you directly once the official copy has been received.

Collection Of Cremated Remains

To collect the cremated remains from Minge Funerals, please follow the steps below:

- The person responsible for arranging the funeral must collect the ashes, along with the Certificate of Cremation. This certificate will be mailed to the authorised person who signed the cremation application, from Centennial Park, Enfield Memorial Park, or Northern Regions Crematorium.
- If the next of kin who received the certificate cannot collect the ashes, they may authorise another trusted person to do so. The person collecting must present the Certificate of Cremation.
- If you are unable to collect the ashes yourself, you can provide written authority via email to release them to another person. The person collecting must also have the Certificate or you can email it to us, and we will have it printed and ready for them to sign.
- Once you receive the Certificate of Cremation in the mail, the remains will be ready for collection at our office. Please note that we do not call to notify when the ashes are available.
- Our office hours are Monday to Friday, 8:30 a.m to 4:30 p.m. We recommend calling ahead to check for any funerals taking place at the time you plan to come in, to ensure easy parking.
- Minge Funerals will hold the ashes for up to six months. After this period, a storage fee will apply.

When the time comes to say goodbye, Minge Funerals is here to create a meaningful and heartfelt farewell that truly honours your loved one.
